

LATEST NEWS FROM COMBE VALLEY HOSPITAL

Photo: main entrance on left, neuromodulation suite on right

Progress highlights

Much of the work carried out in the period continued to be 'behind the scenes' to make sure the building will operate as it is supposed to when it opens.

This included installing:

- high level ducting and pipework in ward roof space
- curtain walling in the main entrance area
- metal ceilings in ward bedrooms, and
- ward underfloor heating.

And outside:

- applying rendering to ward garden areas and neuromodulation suite
- putting pipework in the Energy Centre for air source heat pumps which will heat the building, and
- Installing exterior fire door and other external doors.

Operational readiness

Work started on fitting out a 'benchmark' bedroom (see photo). This means installing storage, bed, desk and sitting areas as well as the en-suite bathroom.

Facts, Figures, and Fundraising

On Friday 24th Oct, the CVH build team decided to 'wear it pink' for **Breast Cancer Now**, organised by Site Manager, Carl Martin. If you'd like to donate, please use the QR code below:

During the month of September:

- Number of hours worked was 16,772, up from August's 13,623
- Total accident-free working hours: 387,466.
- Average number of workers on site was 132, up from 115 in August.

Site opening hours

08:00 – 18:00 (Monday to Friday)
