

Duxford C of E Community Primary School

An update on the project we are delivering for your local community

Robert Addison
Project Manger

Hello, I'm your Project Manager and I wanted to share with you the latest news on the project we are commencing in your local community.

I hope you find this information useful and if you have any questions, I would be happy to speak with you.

An update on what we are delivering

The key purpose of the project is to replace the Key Stage 1 accommodation which was unfortunately lost during the fire in July 2020. The scope encompasses the provision of Reception, Year 1 and Year 2 teaching accommodation, a standalone pre-school and space within the main school building to accommodate an out of hours school facility.

There are also refurbishment and re-planning works proposed for the existing main school building entrance to improve layout and security.

Site construction works will commence on Monday 12 September 2022 and complete during the School Summer holidays 2023. Please expect increased traffic movements around the School on St John Street.

Duxford C of E Community Primary School

Supporting your local community

Kier is committed to working with local, specialist teams to ensure support of the communities in which we work. Kier encourage all sub-contractors to use local labour from the local community to work on the project.

The site will be registered with the Considerate Constructors Scheme, which is an independently audited assessment of a project's consideration for the local community, its operatives and the environment. As part of our commitment, we do what we can to minimise disruption from the project. If you have any concerns, please do not hesitate to contact us.

Site opening hours

08:00 – 18:00 Monday – Friday and
Saturday 08:00 – 13:00
